PROFILE

Ruby on Rails Developer. Deep interest in SaaS and passionate about business improvement that has a real influence on people's life.

For the past 6 years, I've experienced Marketing and Relationship Development in Japan, and Production Management in The UK and Colombia. I'm especially competent in **Teamwork**, and proud of my **Emotional Awareness** for **Solving the Problems** as well as **Meeting the Needs**.

I place a high value on respect to people and learning independently in my life.
