PROFILE

Ruby on Rails Developer. Deep interest in SaaS and passionate about creating a solution for business improvement that has a real influence on people's life.

I've experienced Marketing, Relationship Development and Production Management over the world for the past 6+ years. I'm especially competent in Team Management and proud of my emotional awareness for solving the problems as well as meeting the needs with a team.

Of my motto, I place a high value on respect to people and learning independently every situation in my life.

EXPERIENCE
